

## **TAP INTO THE £30 BILLION ETHICAL MARKET WITH THE BELLINGHAM SOAP COMPANY**

According to Ethical Consumer magazine, we now spend over £30 billion a year in the UK on ethical products, our range has grown to satisfy the needs of this tribe of educated ethical consumers who will not tolerate "Greenwash", they want a product they can trust made by a manufacturer they can trust and that is where we come in.

- We only use traceable certified sustainable palm in our soaps.
- We do not use parabens, phthalates, detergents, petrolatum or SLS
- All of our fragrances and colours are completely natural and plant based
- We manufacture in a responsible fashion...using little and wasting little.
- We only use biodegradable and recyclable packaging
- We do not use plastics or PVC film.
- We support fair trade and buy in our ingredients with integrity.
- We use organic wherever possible.
- 

Established in 1997 we manufacture everything ourselves in our own purpose built country workshop.

We offer...

- Handmade natural soaps
- Nourishing luxury moisturisers
- Fabulous Fizz Bath
- Luxury Organic Serums
- An amazing array of gifts
- Low minimum order
- Competitive pricing.
